# RARE PLANTS

*Library  
U. S. Department of Agriculture  
Washington, 25, D.C.*

Now that the war is over, we can get down to the business of gardening. Try to imagine it without trees and shrubs. Do your part by making your own home grounds more beautiful. You can do this at small cost and have a lot of fun doing it, if you will grow your own plants.

For a few dollars you can select from this list enough plants to landscape a fair size home with the choicest and rarest plants obtainable.

These plants are too small now for landscaping; but put them in a little nursery and in 2 or 3 years most of them will be large enough to give a good effect. When grown on for a while they make ideal gifts for your friends.

Old customers tell us about the specimen Azaleas, Pieris Japonica, Flowering trees and shrubs grown from our plants. One man counted 200 flowers on a Magnolia; another has a dense yew hedge 100 feet long and 3 feet high. Another had a riot of color, with over 100 Azaleas in bloom at one time. With a little time and patience you can do the same.

These are the same baby plants that Nurserymen use to grow specimen plants that sell at fancy prices.

The plants we have to offer are vividly described in Hotte's Book on Shrubs @ \$3.00 postpaid and Book on Trees at \$3.50 postpaid. We can supply both. Make good Christmas and birthday presents. All plants should be grown in a bed for one or more years before planting in permanent place.

For \$5.00 you can select \$6.00 worth of plants from this list. Prices include packing and postal charges. As we sell our plants at such low prices no order for less than \$2.00 will be accepted. No broken lots will be sold. Where order calls for 5 for 50 cts., one will not be sold for 10 cts. 5 must be ordered. 25 sold at 100 rate.

Please suggest one substitute per 10 items ordered.

Owing to our careful packing with wet peat moss; the cost of Express and Parcel Post to points beyond Rocky Mountains, eliminate the profits. Therefore, please add 10% to remittances from these places.

The group containing Azaleas are very easy to handle if planted in part shade, provided either by a building or a lath screen; this should be elevated 4' to 5' on stakes to provide free circulation of air underneath. Plant in a soil mixture containing 50% good light garden loam and 50% granulated peat moss or oak leaf mould. Water well after planting and mulch with leaf mould or peat moss. Do not cultivate but pick weeds out by pulling. Do not allow ground to get dry, but do not water too much or too often, there is a happy medium. These plants will all do well in part shade and also in sun. Cut off 75% of light for first 6 weeks and then 50%.

## AZALEAS AND OTHER ACID LOVING PLANTS:

"Chinese" E. H. Wilson said, speaking of Azaleas, "They are not surpassed in wealth of blossom by any class of hardy shrubs. The flowers vary enormously in size in the different species and embrace all shades of every color except blue. In many the flowers are delightfully fragrant, -- small wonder the desire to possess them is so general. No class of shrubs possess greater attractions, and given certain essential conditions and provided the varieties are perfectly hardy their culture is fairly simple."

A Philadelphia collection of Azaleas and Rhododendrons is visited each year by thousands of people who marvel at the brilliant, vivid colors and profusion of bloom, which is almost unbelievable, and yet for a few dollars and a bit of patience a more extensive range of colors and varieties is available from this list. All are transplants except Kurume Seedlings.

Azalea AMOENA - Semi double purplish red flowers in profusion. Small evergreen leaves, turning beautiful bronze in fall - 3-5" - 3 for 50 cents

" Alanwold Brick, vivid brick red flowers, semi evergreen, grows tall, 3-5" 3 for 50c.

Azalea Cleopatra - large clear vivid pink flowers 2-2½" across 3-5" - 3 for 50 cents

 Pieris Japonica, the most beautiful broad-leaved evergreen. Beautiful flowers, buds form in September, open in March with white flowers. Foliage apple green, bronze green and olive green while growing - 4-6" - 2 for 50 cents - 4-5" - 3 for 50 cents

In winter time American gardens present a dismal, naked sight that emphasizes the general dreariness of the season. Little of the beauty of spring, summer or fall remains. Yet it is so easy to change this with a few evergreen vines, shrubs and trees and some bright berried shrubs. With an attractive evergreen background, winter seems shorter and much more pleasant and nothing is a more beautiful sight than to see them partly covered with snow.

**EVERGREEN TREES AND SHRUBS.** Plant in any good soil. All should be well shaded for 2 months after planting with a lath shade or planted in part shade of a building. Mulch with either peat moss or leaf mould. Most of the following plants will make handsome specimens in three to four years.

- Abelia Grandiflora, semi evergreen with arbutus like flowers - 8-12" - 2 for 50 cents  
 Abies Concolor - long steel blue needles, the most beautiful native evergreen - 3-6" 5 for 50 cents

**ABIES FRAZERI**-needles green on top, much lighter in color underneath  
 6-8" - 3 for 50 cents

- Buxus Japonica - Jap box - large apple green leaves - 3-6" - 10 for 50 cents - very hardy  
 Cytissus Scoparius - Scotch Broom, evergreen foliage, yellow flowers - 12-18" - 3 for 50¢  
 Hemlock Canadenses, Native Hemlock. The first choice of all native evergreen trees, suitable for specimens or Hedges - 5-8" - 5 for 50 cents. Will grow in shade.

(Japanese Holly) - small pointed glossy leaves, grows in shade, retains color in winter, makes marvelous hedge - 4-6" - 4 for 50 cents \$7.50 per 100

- " Bullata - Leaves like Boxwood - Will grow in shade - Very rare - 4" - 4 for 50 cents  
 Juniper-Depressa Plumosa (Andorra Juniper) pleasing purple in winter 6-8" - 2 for 50 cents  
 " Tamariscifolia-grows very flat and close to the ground foliage steel blue 6-8" - 2 for 50 cents

" **WAUKEGAN**-low spreading, about one foot high, green foliage, 6-8" - 2 for 50 cents

- Magnolia Glauca, semi-evergreen, delightfully fragrant creamy flowers - 8-12" - 2 for 50 cents  
 Mandina Domestica, Heavenly bamboo, Bamboo like foliage, bright red berries, good red leaves in the fall 6-8" - 3 for 50 cents

Pachysandra Terminalis, best evergreen ground cover for very shady spots

Plant 6" apart

10 for 50 cents - \$4.00 per 100

The Picea or spruces are most attractive evergreen trees which introduce a horizontal note into landscape and give a wonderful variety of color and shapes. Both Firs and Spruces make majestic trees, are very symmetrical and keep a good color in winter.

- Picea Albertinia, Black Hill Spruce, very hardy, - 3-6" - 3 for 50 cents  
 " Canadensis, steel blue needles, will grow in coldest climate - 3-6" - 4 for 50 cents  
 " Engleman, blue needles, attractive tree when large - 3-5" - 4 for 50 cents  
 " Pungens, Colorado Blue Spruce - 3-6" - 4 for 50 cents  
 Pseudotsuga Douglassi - fine large-conifer - soft bluish foliage - 4-6" - 4 for 50 cents

Most Pines grow rapidly, some more rapidly than deciduous trees, making as much as 30 inches a year. Make good screens, backgrounds and the best possible windbreaks. With a good Pine border on the windward side, your home will seem 500 miles further south and you will be able to grow plants that are otherwise impossible. A windbreak of pines will make your home more comfortable and life more pleasant, by protecting it from the cold winds.

- " Resinosa - 5-10" - 5 for 50 cents - Norway Red Pine, very dense dark green -  
 Pinus Scotch - Very fast growing - blue green foliage - Very hardy - Good for screens - 4-6" - 5 for 50 cents -

Pyracantha Lalandi evergreen firethorn - 6-8" - 2 for 50 cents - Orange red berries. Very showy.

Skimmia Japonica, a dwarf plant with large glossy green leaves and bright red berries, which hang on a long time, 4-6" - 2 for 50 cents.

Taxus Brevifolia - Very dwarf, irregular growth - 3-4" - 4 for 50 cents

Taxus Cuspidata - Japanese Yew, spreading form. Most permanent hedges. The fine hedges in England are Yew hedges. A Yew hedge will add thousands to the value of an estate.
